

TO BE IN SAFE HANDS

Is the Most Important Consideration When Undertaking Treatment for the Liquor Habit

We are able to convince a man, no matter how skeptical he may be, that our method of treatment is not only safe, reliable and permanent, but absolutely without the dangerous hypodermic.

The McKanna Liquor Cure

Permanency Is the Most Exalted Quality

My cures embody all of the details essential to a perfect obliteration of all traces of past dissipation. Quickness, thoroughness and absolute absence of any ill after effects are prominent among the recommendations of it, but permanency is the prime feature, the most exalted quality of all.

You who seek permanency in a liquor cure can depend upon mine. You may have tried others, but the McKanna method is distinctly different. The cure was discovered by me and known to me alone. I do not guarantee that you will never drink again, that is an impossibility, yet many self-styled liquor cures tell you that they can do that very thing. However, I do positively guarantee to relieve all desire and need for alcoholic stimulants. My cure is quick. We do not keep you, as some do, until your board bill runs into hundreds, neither do we let you go half cured, not until you are thoroughly, positively and permanently cured. No Hypodermic Injections are used.

We Have Never Had a Death in Any of Our Institutions

Don't go to an institution where your spree is prolonged from two to four weeks, until you give up all hopes of getting well.

Don't be taken in by any of my ex-servants who tell you they can give The McKanna Cure. They know no more about my treatment than my cook.

Come direct to the house that has never had a death or has ever had a patient to die as a result of being taken off whiskey by my treatment. There are so-called treatments which are cheap, but why spend some money and get nothing, when you can come to the "One Sure Cure" and get a treatment that will relieve you of the terrible demon.

A few days at our institution and you return to your home and loved ones well and strong, ready to fight the battles of life.

Our Reidsville institution, which we own, has recently been remodeled, refurnished and affords all the comforts to be found in the best appointed institutions in the United States.

In Raleigh our institution is in the property previously occupied by the Rex Hospital, and is amply equipped to make perfect for comfort and enable us to give our treatment under the most favorable conditions.

Get in Immediate Touch With Us by Phone or Wire, Notifying Us When You Will Arrive and We Will Have Our Automobile Meet You at the Train

CONDEMNS BUTLER IN BOND MATTER

Republican Leader in House Arouses Democrats to Applause.

BILL FOR ADDITIONAL JUDGES

Measure Fixing Railroad Rates Where Mileage Is Pulled.

[Special to The Times-Dispatch.] Raleigh, N. C., January 10.—A storm of applause swept over the House of Representatives when Representative Ewart, of Henderson county, leader of the Republicans on the floor, sent forward a joint resolution thanking Governor Pothier, of Rhode Island, for refusing to accept the gift of North Carolina repudiated bonds from the New York syndicate, and declaring the conduct of ex-United States Senator Marion Butler, in harassing the State for their collection, as "pernicious and perfidious."

Ewart also offered bills to amend the State Constitution to provide three additional justices of the Supreme Court and three other Superior Court judges for special terms; create a pardon board, and to greatly curtail the volume of business devolving on the General Assembly by the elimination of purely local legislation.

Still another bill by Ewart reduces the railroad fare to 2 cents where railroads refuse to allow conductors to pull mileage.

State Officers Cannot Serve.

A bill has been introduced in the

House by Representative Turlington, of Iredell, prohibiting State officers or other employees of the State of North Carolina and United States Senators and Representatives from accepting a fee to prosecute claims against the State of North Carolina. This was brought about on account of ex-United States Senator Marion Butler having accepted a fee to prosecute claims against the State. It is understood that there will be insistence upon an amendment to the bill to prohibit State officers from being retained as counsel for corporations under State control.

Senator Graham, of Orange, has had a conference with First Vice-President A. B. Andrews, of the Southern Railway, regarding the former's bill introduced in the Senate last Friday requiring the Southern to put on an additional passenger train daily each way between Greensboro and Raleigh. Colonel Andrews declared that the business does not justify an additional train, and if it is put on it will be operated at a loss to the company. Senator Graham insists that additional passenger service on this line is demanded by the heavy travel. It is expected that the railroad authorities will make a strong fight against the Graham bill. Senator Graham says he has received a letter from Hon. S. M. Gattis, of Hillsboro, former counsel for the Southern Railway, but no solicitor of the Ninth Judicial Circuit, heartily endorsing the bill, and saying that if the Southern won't put on the additional train voluntarily it should be required to do so.

Among the welcome visitors to Raleigh this week is Major Charles M. Steadman, of Greensboro, Democratic Congressman-elect from the Fifth District. Since his arrival he has been surrounded by scores of admirers and legislators, and others here are giving him a most cordial reception.

Tax Commission. The Senate Finance Committee recently met to consider Chairman Brown's proposition to create a tax commission, having for its object the equalizing of assessments in the different counties. The committee discussed the proposition in detail and appointed the following as a subcommittee to look into the systems in California, Wisconsin, Ohio and other States: Senators Thorne, Stanback and Bassett. H. C. Moore, of Lenoir, has been appointed as clerk to the Senate Finance Committee.

There was a joint session of the Senate and the House of Representatives at noon to-day, during which there was the formal canvassing of the vote for State officers in the November elections, following which these officers were declared elected, and the oath of office was administered. They are the State Auditor and two corporation commissioners. The vote for State Auditor was: Colonel William P. Wood, Democrat, 140,531, and J. Q. A. Wood, his Republican opponent, 94,017. Democratic majority, 46,514. Colonel W. P. Wood, the new State Auditor, who has just assumed his official duties, says he will make no changes in the clerical force of the office, retaining the force as it was for a long while prior to the death of the lamented State Auditor B. P. Dixon, and as retained after his death by B. P. Dixon, Jr., whom Colonel Wood now succeeds. The retiring State Auditor, B. P. Dixon, Jr., becomes secretary to the Finance Committee, No. 1, of the Senate, of which Major J. W. Graham is the chairman.

URGES EARLY ACTION

Mrs. Morse Pleads for Consideration of Husband's Pardon.

Washington, January 10.—Mrs. Chas. W. Morse had a conference with Senator Hale yesterday and called at the Department of Justice to urge early action on her plea for her husband's pardon. Mrs. Morse left the impression that she would be satisfied if a commutation of the banker's sentence could be secured. Reports from the Atlanta penitentiary indicate that Morse's health is much better than it was a few weeks ago. His pardon will be taken up in its turn. A semi-official plan to expedite it has been abandoned.

BOOMERS SEE CANNON

"Uncle Joe" Is Assured That Louisiana Is Not "Dry."

Washington, D. C., January 10.—John Sharp Williams, Senator-elect from Mississippi, and former minority leader of the House, accompanied the delegation of Louisiana officials and business men, who called on Speaker Cannon yesterday, Governor Sanders, of Louisiana; Governor Noel, of Mississippi, and other New Orleans exposition boomers were in the party. In the midst of a short talk to the delegation, Speaker Cannon paused and looked at Mr. Williams. "Sharp," he said, "is Louisiana dry?" "No," shouted every man in the crowd.

Appreciation

Sanitary Plumbing Fixtures are being appreciated in Richmond more than ever. The day of cheap, shoddy goods has passed. Economy and regard for health demand only the best.

WILL SOON BEGIN WORK ON BUILDING

Petersburg Mechanic Association to Erect Seven-Story Structure.

LODGE OFFICERS INSTALLED

Bank Directors Hold Annual Meetings—Fine Residence Burned.

The Times-Dispatch Bureau, 109 North Sycamore Street, Petersburg, Va., January 10.

The annual meeting of the Petersburg Benevolent Mechanic Association was held last night, and officers for the ensuing year were elected, as follows: President, William E. Poole; Vice-President, John W. Hayes; Secretary and Treasurer, William H. Baxter; Board of Directors, T. J. Meredith, Charles E. Williamson, Dr. T. J. Burgess, O. W. Matter, R. L. Campbell, E. D. Butler, and James Y. Branch. The former vice-president, R. E. Brunet, declined re-election.

As secretary, Mr. Baxter has held office for half a century, and as treasurer for about forty years. The annual reports of the president and treasurer were read and were highly encouraging in character. It is understood that the association expects to begin work on its new seven-story fire-proof business and office building in March. The new building, which will be erected on the present site of the association's property, at the corner of Sycamore and West Tabb Streets, the very center of the business section of the city.

After the business meeting, at which nearly every member was present, the association adjourned to the Masonic building, to partake of the annual banquet. The spread was a superb one, and admirably served, and the evening was made the more enjoyable by the bright and encouraging speeches of a number of the members.

Installation of Officers. Monroe Lodge, No. 8, I. O. O. F., met last night and installed its newly elected officers, as follows: Noble Grand, H. E. Conrad; Vice-Grand, E. H. Titmus; Recording Secretary, James Hancock; Financial Secretary, J. R. W. Smith; Treasurer, James B. Banks; Chaplain, L. G. Adkins; Sitting Past Grand, W. E. Blanton. The installation ceremonies were conducted by Past Grand Acting Deputy Grand Master F. H. Cole, assisted by Past Grand G. W. Dyson, acting as grand marshal.

Noted Thief Caught.

The Virginia Railway and Power Company has recently, on various occasions, been robbed of copper wire, aggregating a large amount in value, and causing frequent inconvenience to the company. Last evening Detective Eanes arrested a negro named John Heiter as the thief, and found in his possession a quantity of the wire, and some more that he had sold. The detectives also found in the negro's house about a dozen fine fowls that were stolen several nights ago from

William Grossman's farm in Chesterfield. For the wire theft Heiter was given six months in jail. For the theft of the chickens he will be tried later.

Banks Elect Officers. The annual meeting of the Virginia National Bank was held this afternoon, and the old officers and directors were re-elected, as follows:

Directors—Charles Lunsford, W. E. Poole, Bartlett Roper, Sr., P. Fleetwood, J. L. Shepherd, Thomas B. Machin, G. C. Wright, W. W. Warren, H. Heine, H. F. Munt, E. J. Collins, Jacob Coleman and John A. Gill.

Officers Re-Elected. At a subsequent meeting of the directors, the following officers were elected: President, Bartlett Roper, Sr.; First Vice-President, G. C. Wright; Second Vice-President, William E. Poole; Cashier, J. W. Long; Assistant Cashier and Teller, R. G. Spratley.

National Bank of Petersburg. The annual meeting of the stockholders of the National Bank of Petersburg was held this afternoon, and the following directors and officers were re-elected:

Directors: E. A. Hartley, George Cameron, Jr., M. A. Finn, L. A. Rosenstock, Alfred Friend, Jr., William L. Venable and T. F. Heath.

Officers: President, George Cameron, Jr.; Vice-President, E. A. Hartley; Cashier, B. B. Jones; Assistant Cashier, E. H. Beasley.

Both banks are in prime condition, and no changes will be made in their clerical force.

Fine Residence Burned.

The fine residence in Chesterfield county, eight miles from Petersburg, occupied by the family of Charles Bryan, caught fire from a defective

flue about 6 o'clock yesterday morning and was entirely destroyed, with all the family effects and furniture. The dwelling was a two-story frame building, containing nine rooms, and was owned by a Mr. Gubbins, of Chicago. The loss is heavy, with only partial insurance. Mrs. Bryan and two children, awakened by the flames and smoke, barely escaped. The blankets thrown around them for protection caught ablaze before they could get out of the building.

Meeting of Board of Aldermen.

The regular monthly meeting of the Board of Aldermen was held last night, and concurrence was voted in many measures passed upon by the lower branch, including general and special appropriations. The Board voted to appropriate the sum of \$15,000 for the completion and equipment of the two new public school buildings on Washington Street. The original appropriation for these schools was \$30,000, but the cost of sites and buildings was more. These schools will accommodate 600 pupils, and they are built in the best style, on the highest sanitary principles.

The Board also concurred in the ordinance recommended by the Mayor, prohibiting the mixing and drinking of intoxicants in places where soft drinks only are allowed to be sold. The Board heard application for an appropriation of \$12,000 in aid of the agricultural fair, but took no action. H. T. Donnan and W. E. Moore were appointed members of the special joint committee to investigate and report as to the advisability of establishing a separate park for colored people.

Quiet Home Marriage.

This afternoon at 5:30 o'clock, at the residence of the bride's mother, on Washington Street, Miss Cornelia C. Whitmore, daughter of Mrs. George A. Whitmore, was wedded to Dr. Frederick A. Gill, the Rev. C. B. Bryan, D. D., officiating. The wedding was very quiet, only immediate relatives and close friends being present. The bride is one of Petersburg's fairest and most popular young women. The bridegroom is a prominent young dentist.

Personal and Otherwise.

President W. E. Bradley, of the Virginia State Baseball League, spent some hours in the city to-day. He came over on strictly private business and had no time or disposition to talk baseball.

J. A. McMinn, who was accidentally shot and severely injured on Halifax Street last night by a negro named Johnson, is resting quietly in the hospital to-day.

Sales of loose tobacco were resumed at the warehouses to-day. Seven hundred lots, aggregating about 150,000 pounds, were sold, fine wrappers bringing as high as \$22.50.

The funeral of Mrs. Virginia Anderson, of Lunenburg county, took place at the grave in Blandford Cemetery this afternoon, the services being conducted by the Rev. D. H. Rolston.

The remains of Mrs. Martha Cornwell, widow of Edward Cornwell, formerly of Petersburg, who died recently in Austin, Tex., reached here to-day, and were buried in Blandford Cemetery.

The Birdville Sanatorium, for tuberculosis patients, will probably be opened some time next week. The directors of the Southside Virginia Agricultural Association met last night and elected officers, but the names are withheld until it is learned whether they will accept.

Mrs. E. L. McGill has returned from

a visit of several weeks at the Virginia Hot Springs.

Wedding Notes. Miss Mary Wood Boughan, of Essex county, and Waverly Lunsford, of this city, were quietly married to-day by the Rev. A. R. Love, of West End Baptist Church.

In Alexandria, on the 9th instant, Miss Martha A. Kilmartin, formerly of this city, was married to Donald Thornton Hubbard, formerly of Richmond, now of Washington. The bride is the daughter of R. C. Kilmartin, of Petersburg, secretary to Senator Martin.

In Halifax, N. C., yesterday, Miss Ruth Sheffield, of Dinwiddie county, was married to Orville D. Andrews, of this city.

Airey—Shank.

[Special to The Times-Dispatch.] Harrisonburg, Va., January 10.—Miss Elsie Shank, sixteen years old, daughter of Adam Shank, and Jesse Airey, twenty years old, were married yesterday.
